

## **Student Advising Outreach at the American Corner – Chittagong**

The Student Advising Center Outreach Coordinator, Linda Das Quamar, along with Outreach Librarian, Mirza M. Hasan, and Vice Consul Loye Howell, conducted two outreach programs at the American Corner – Chittagong on September 11, 2007. More than 200 students attended the seminars. In addition to Linda's presentation, Loye explained the basic requirements for obtaining a U.S. student visa. The students' response was very positive. They asked many questions about U.S. higher education, culture, people, and the country itself. A large number of the students were interested to know about U.S. graduate medical education.
